

# NAESS SHIPPING PHILIPPINES, INC.

April – May  
2011

Issue no. 03

Greetings from NSPI!

NSPI have come a long way. Learning and growing opportunities have been limitless. Further improvements are still on-going.

**Skill assessment for cooks** was conducted at Chef's Den Institute headed by Chef Jimmy Jardiniano with six (6) SNS crew members in attendance. It was a one-day course with lecture and hands-on cooking. They were given the same menu to prepare in 30 minutes. They were evaluated on their cooking knowledge and skills, attitude in the kitchen, hygiene, time management, etc.

## FIRE & EARTHQUAKE DRILL

In view of the recent incident that hit Japan and many other neighboring countries, it has been in NSPI's contingency plans, making sure that each and every employee is prepared and well educated in cases of unexpected events.

Last 1<sup>st</sup> April 2011, the Bureau of Fire Protection (BFP) Manila District conducted an unannounced Fire & Earthquake drill at the NSPI building, followed by a lecture making each and every participant well aware of the Do's and Don'ts in order to be prepared in case of emergency. The said drill was participated by all the offices housing in the building.

## NSPI LOGO

Ever wonder why NSPI logo looked like this?

It does not only stand for the name of the company but also **N** for Naess,

## COMPANY OUTING

As part of building camaraderie among office personnel and or simply just spending some time away as form of relaxation, Company outing has been an annual practice.

Last 29<sup>th</sup> to 30<sup>th</sup> of April, NSPI had the annual company outing at White Rock Waterpark and Beach Hotel at Subic Bay. It had been a fun-filled experience for everyone – with all the amenities available and everyone danced the night away during the fellowship night.

**S** for Seafarers and **P** for Principals. The chain in between the letters symbolizes strong bonds. Aside from aiming for total principal satisfaction, we are building strong bonds between our seafarers and principals.

## 4<sup>th</sup> SNS/NSPI CREW TRAINING & SAFETY SEMINAR

10<sup>th</sup> – 11<sup>th</sup> May 2011, Sloman Neptun Schiffahrts & Naess Shipping Philippines, Inc. (SNS/NSPI) conducted its 4<sup>th</sup> Crew Training & Safety Seminar, the first to be conducted out of town. It has been an annual event specifically for SNS officers. It was conducted at the Wild Orchid Beach Resort, Subic Bay. The first day was the seminar proper; various crew-related topics were discussed by SNS delegates and some Resource speakers from different fields. There were workshop exercises and case analysis given to the seafarers during the seminar. It was then followed by the fellowship night, a dinner by the beach prepared for them, where everyone could just mingle with each other and have fun.

On Day 2 of the event, they had an early morning exercise headed by Capt. Aviso and C/E Nacional followed by the team-building activities, which was

done first time and facilitated by Ms. Esther Santos. Each and every activity was designed to promote unity and camaraderie among the seafarers. There was also a discussion on lessons learned, an analysis of what was done best and areas of improvement. The activities done were: the Helium Stick, Landmines, Factors in Building Relationship and, the Ship Building.

After the team building activities, lunch was served. They left the resort by 1:30 pm and arrived Manila at around 4pm. NSPI had organized a dinner party with acoustic performances and dance instructors. Mr. Winfried Sack gave a message then followed by the Awarding of the Certificates of Attendance and the Loyalty Awards to the participants of the seminar.

**We aim for Total Principal Satisfaction!**
