## 2015 RECAP

Last year has been a great year for NSPI.

The celebration of its 35th anniversary shows the stability of the company and the diligence and dependability of its officers and staff .

They say that the journey of life isn't always a smooth sail, some-

time last year NSPI lost one of its pillars, our beloved Executive Vice President, the late Mr. Victor T. Gomez, Jr. who have been with Naess for 30 years.

It had been tough but with the legacy that he left and with the leadership of our dear President, Mr. Pedro Miguel F. Oca, NSPI is picking up the pieces and slowly but surely, is on the road to a more better Naess. Together, we can make a difference!

Final Mass for our beloved Mr. Jun Gomez

## Target Setting 2016

Last January 28—30, NSPI held its annual target setting.

During the first two days, a review of its current performance was made including the status of each department's targets from the past year. Also, Capt. Aviso gave an overview about the new ISO 9001:2015 and Risk Assessment.

The 3rd day was held at EXACT Training Center, Lian Batangas where each department was given a time to brainstorm and formulate a new set of targets for 2016.

On June 17 –18, Managers and supervisors went to Batangas to review each targets made for this year and come up with a new set. It was then presented for everybody's comments and or suggestions.

Overall, it was a productive event for everybody, new and fresh ideas were casted and the ties between departments were strengthened.

## Seminar on Personality Development & Effective Business Writing

Last 21st of April, a seminar on Personality Development and Effective Business Writing was held for all employees of NSPI.

The seminar also includes the telephone and email etiquette. Employees were taught how to properly dress up to an occasion, how to conduct oneself in a business-like manner—from speaking to proper posture.

Employees were also taught how to do proper communication thru email and telephone.

The seminar was fun as the facilitators are very

creative in executing not only the workshops but the warm-up exercises as well (The Banana dance and Roller coaster ride).

Certificates of Completion was given to each participants at the end of the event.

Overall, we can say that it had been a productive event as each participants enjoyed as they learn.

The Seminar was facilitated by Ms. Vida Cagurangan from Holistic Learning and Development Solutions

## Company Outing 2016

In order to refresh and recharge the company gives its employees sometime off. Aside from the mandatory leave incentives, the company also include in its budget recreational activities such as outings, where each employee is privileged to bring his or her family member or friends to enjoy.

This year, the company held its annual outing last May 5 – 8, 2016 at Coron, Palawan. Although Coron has always been the place to go in the past years, it never fails to leave each visitors– first timer or not– in awe of its beauty.

The travel going there is something to keep as well. It gives employees a time to bond not only with each other but with their families and friends as well.

## Boss Migs' Birthday Celebration

We are few of the lucky people in the world to have a great boss like Pres. Pedro Miguel F. Oca.

There is no better way to celebrate a birthday than to gather with family and friends and spend something meaningful together which definitely happened last June 29, 2016.

In celebrating his 56th birthday, together with NAESS, his family & friends, a mass of thanks giving was held, officiated by Father Paulo Pirlo and followed by a sumptuous lunch buffet.

May you always have as much strength and courage to lead us and, more importantly, a truly happy life. Happy birthday, Boss Migs!
